Hi Libby,

My name is Rodney Comrie and I am producer with CBS Evening News with Scott Pelley.

I am writing this email to find out whether the EPA has been able to plug the hole to the mine that is the source of the spill into the Animas river.

I was also wondering if you have any pictures of the mine that you can share with me.

Please feel free to call me at 212-975-7212 if you have any questions with my request.

Thanks,

Rodney Comrie
